

Supported devices and operating systems

Storage:

256 MB or 1 GB (depends on the map coverage) pre-programmed miniSD memory card + SD adapter

Important! In case of buying a new device the iGO My Way navigation software is also available in certain countries on micro SD cards. Please inquire about these products at your local dealer or distributor.

Important! Please, be advised that the software runs only on the original SD memory card. Do not attempt to copy it to any other memory card, as it may cause serious damages. However, we recommend that you make a backup copy of the software on your computer.
